

Axiom X

Vertically Laid Hook-On Secret Fix Rainscreen System

Axiom X is a landscape orientated 'hook on' panel, supported by the Axiom Clip at maximum 750mm horizontal centres to each side, secured in the top with a hidden fixing aligned to the Axiom Clip.

Maximum Tested Panel Size:
3100mm wide x 800mm high

Note, larger formats are available, subject to structural verification. Maximum flat sheet size is 2000mm x 4000mm.

Axiom X

Key Features

- **Hook-On Secret Fix:** Creates an uninterrupted surface for a sleek finish
- **Rapid Installation:** Panels are designed for efficient, secure mounting
- **Durable Aluminium Construction:** Lightweight yet robust for long-term performance
- **Versatile Finishes:** Available in anodised, powder-coated, and specialist treatments
- **Compliance Assured:** Tested for fire safety, weather resistance, and structural integrity
- **Integrateable:** Axiom Y and Axiom X can be used together to create a portrait and landscape facade.

CWCT Sequence B test results

Water Penetration (Static Pressure) 600Pa	Pass
Wind Resistance-Serviceability (Backing Wall) 2400Pa	Pass
Repeat Water Penetration (Static Pressure) 600Pa	Pass
Water Penetration-Dynamic Aero Engine 600Pa	Pass
Water Penetration-Hose	Pass
Wind Resistance-Serviceability (Cavity) 2400Pa	Pass
Wind Resistance-Safety (Backing Wall) 3600Pa	Pass
Wind Resistance-Safety (Cavity) 3600Pa	Pass
Impact Resistance-Retention of Performance Cat B	Class 2
Impact Resistance-Safety to Persons Cat B	Negligible Risk
